This chapter applies to candidates running for Governor, State Senator and State Representative who choose the alternative campaign financing option established by the Maine Clean Election Act for elections to be held beginning in the year 2000. Candidates participating in the Maine Clean Election Act must comply with these rules and all other applicable election and campaign laws and regulations.

SECTION 3. PROCEDURES FOR PARTICIPATION

1. Declaration of Intent. A participating candidate must file a Declaration of Intent before collecting qualifying contributions. The Commission will provide a form for this purpose.
2. Content. The Declaration of Intent must be sworn and notarized and must include the following information:
 - A. an affirmation that the candidate is seeking certification as a Maine Clean Election Act candidate;
 - B. an affirmation that the candidate has not collected any qualifying contributions before signing the Declaration of Intent;
 - C. an affirmation that the candidate has not accepted any contributions, except for seed money contributions, after becoming a candidate;
 - D. an affirmation that the candidate has disposed of any campaign surplus before becoming a candidate for the new election, as required by paragraph 3.C [Campaign Surplus] of this section;
 - E. an affirmation that if the candidate has any campaign deficit, that the candidate will not accept contributions to repay that deficit as a participating candidate or certified candidate, except that the candidate may forgive any campaign loans to himself or herself made during any previous campaigns;
 - F. an affirmation that the candidate will continue to comply with applicable seed money restrictions and other requirements of the Act including, but not limited to, procedures for collecting qualifying contributions;
 - G. information identifying the candidate's treasurer, political committee, campaign finance account, social security number, and/or federal tax identification number; and
 - H. authorization by the candidate for the Commission, its agents or representatives to conduct financial audits of the candidate's campaign financial records and account(s).

3. Seed Money Restrictions.

A. General. After becoming a candidate and before certification, a participating candidate may collect and spend only seed money contributions.

B. Total Amount.

A participating candidate must limit the candidate's total seed money contributions to the following amounts:

- (a) fifty thousand dollars for a gubernatorial candidate;
- (b) one thousand five hundred dollars for a candidate for the State Senate; or
- (c) five hundred dollars for a candidate for the State House of Representatives.

Notwithstanding any other provision of this chapter, a candidate may carry forward to a new candidacy of that candidate campaign equipment or property, subject to the reporting requirements of Title 21-A, chapter 13 [Campaign Reports and Finances].

The Commission periodically will review these limitations and, through rulemaking, revise these amounts to ensure effective implementation of the Act.

C. Campaign surplus. A candidate who has carried forward campaign surplus according to Title 21-A, chapter 13, subchapter II [§ 1017(8) and §1017(9)], and who intends to become a participating candidate, must dispose of campaign surplus in accordance with the requirements of Title 21-A, chapter 13, subchapter II [§ 1017(8)]; provided, however, that a candidate may carry forward only those portions of campaign surplus that comply with the provisions of this Act regarding seed money contributions [§ 1122(9) and 1125(2)]. Any campaign surplus (excluding campaign equipment or property) carried forward under this provision will be counted toward that candidate's total seed money limit.

INFORMATIONAL NOTE: The Commission will provide educational materials to all former candidates who have a campaign surplus describing the requirement that individuals must

dispose of campaign surplus to remain eligible for participation as a Maine Clean Election Act candidate.

- D. **Return of Contributions Not in Compliance with Seed Money Restrictions.** A participating candidate who receives a contribution exceeding the seed money per donor restriction or the total amount restriction must immediately return the contribution and may not cash, deposit, or otherwise use the contribution.
- E. **Case-by-Case Exception.** A participating candidate who has accepted contributions that do not comply with seed money restrictions may petition the Commission to remain eligible for certification as a Maine Clean Election Act candidate. The Commission may approve the petition and restore a candidate's eligibility for certification if the candidate successfully establishes all of the following criteria:

the failure to comply was the result of an unintentional administrative or accounting error;

the candidate immediately returned all contributions that did not comply with seed money restrictions;

the candidate petitioned the Commission promptly upon becoming aware of the unintentional administrative or accounting error; and

the failure to comply did not involve expenditures by the participating candidate in excess of seed money total amount restrictions or otherwise constitute systematic or significant infractions of seed money restrictions.

- F. **Other.** A seed money contributor may also make a qualifying contribution to the same participating candidate provided that the contributor otherwise meets the requirements for making a qualifying contribution.

4. Qualifying Contributions.

- A. **General.** A participating candidate may collect qualifying contributions only during the relevant qualifying period and only after filing a Declaration of Intent with the Commission. Qualifying contributions must be acknowledged using forms provided by the Commission. The forms will include an affirmation by the

contributor that the contributor received nothing of value in exchange for the signature and contribution.

- B. Required Number of Qualifying Contributions. A participating candidate must obtain the number of qualifying contributions during the qualifying period as required by the Act [§ 1122(7); § 1122(8); § 1125(3)].
- C. Exchanges For Qualifying Contributions Prohibited.

A participating candidate or an agent of that candidate may not give or offer to give a payment, gift, or anything of value in exchange for a qualifying contribution.

This provision does not prohibit a participating candidate or that candidate's agent from collecting qualifying contributions at events where food or beverages are served, or where campaign promotional materials are distributed, provided that the food, beverage, and campaign materials are offered to all persons attending the event regardless of whether or not particular persons make a qualifying contribution to the participating candidate.

This provision does not prohibit a candidate from using seed money to pay the fee for a money order provided the qualifying contributor pays the \$5 amount reflected on the money order as permitted by 21-A M.R.S.A. §1125(3).

- D. Verification of Registered Voters.

Before submitting qualifying contributions to the Commission, a participating candidate must establish that contributors who made qualifying contributions to that candidate are registered voters.

A participating candidate must obtain written verification from the Registrar of the number of persons providing qualifying contributions who are registered voters within the electoral division for the office the candidate is seeking.

Upon request of a participating candidate, and within 10 business days after the date of the request, the Registrar must verify the names of contributors of qualifying

contributions who are registered voters within the electoral division for the office the candidate is seeking.

- E. **Timing of Verification.** For purposes of this chapter, the Commission will deem verification of registered voters by the Registrar at any time during the qualifying period to be an accurate verification of voter registration even if the registration status of a particular voter may have changed at the time the Commission determines certification of the participating candidate.
- F. **Submission of Verified Qualifying Contributions.** A participating candidate may submit a completed request for certification to the Commission at any time during the qualifying period. The request will be deemed complete only if it is accompanied by the signed qualifying contributions forms that have been verified by the Registrar(s) of the electoral division for the office the candidate is seeking or by a statement of the candidate that such signature forms have been submitted to the Registrar(s) for verification and the verified signature forms will be received by the Commission within 10 business days thereafter.

SECTION 4. CERTIFICATION OF PARTICIPATING CANDIDATES

1 Request for Certification

- A. After final submission of qualifying contributions, but not later than 5:00 p.m. on the last day of the relevant qualifying period, a participating candidate may request certification as a Maine Clean Election Act candidate on forms provided by the Commission.
- B. The request for certification must contain the candidate's affirmation that the candidate will comply with all requirements of the Act and the Commission's rules, and the candidate's acknowledgment that, as long as that person remains a candidate, he or she may not discontinue participation under the Maine Clean Election Act alternative campaign financing option without violating the Act [§ 1127] and becoming obligated to return all amounts distributed to the candidate from the Fund.
- C. All participating candidates must submit qualifying contributions in alphabetical order to the Commission along with qualifying contribution forms and an alphabetical list of contributors of qualifying contributions when applying for certification as a Maine Clean Election Act candidate.

- D. The Commission will review candidate applications for certification in the order in which they are received.
2. Reporting. Together with the request for certification, a participating candidate must report all seed money contributions received, any other contributions received, and expenditures and obligations made after becoming a candidate.
 3. Unspent Seed Money. Together with the request for certification, a participating candidate must report any unspent seed money. In order to distribute funds expeditiously, the Commission will deduct from the initial distribution from the Fund to a certified candidate an amount equal to the amount of unspent seed money reported by that candidate.
 4. Certification. The Commission will certify a candidate as a Maine Clean Election Act candidate upon the participating candidate's satisfaction of the requirements of the Act [§ 1125] and this chapter.
 5. Appeals. Any appeals challenging a certification decision by the Commission must be in accordance with the Act [§ 1125(14)].
 6. Limitations on Campaign Expenses. A certified candidate must:
 - A. limit the candidate's campaign expenditures and obligations to the applicable Clean Election Act Fund distribution amounts plus any authorized Matching Fund allocations;
 - B. not accept any contributions unless specifically authorized in writing to do so by the Commission in accordance with the Act [§ 1125(2) and § 1125(13)];
 - C. use revenues distributed from the Fund only for campaign-related purposes according to guidelines outlining permissible campaign-related expenditures published by the Commission; and
 - D. not use revenues distributed from the Fund for personal use.

SECTION 5. FUND ADMINISTRATION

- 1 Coordination with State Agencies. The Commission will coordinate with the Bureau of Accounts and Control and other relevant State agencies to ensure the use of timely and accurate information regarding the status of the Fund.

2. **Publication of Fund Revenue Estimates.** By September 1st preceding each election year, the Commission will publish an estimate of revenue in the Fund available for distribution to certified candidates during the upcoming year's election. The Commission will update the estimate of available revenue in the Fund after April 15th of an election year and again within 30 days after the primary election in an election year.
3. **Computation of Disbursement Amounts.** By July 1, 1999, and at least every 4 years after that date, the Commission will determine the amount of revenue to be distributed to certified candidates based on the type of election and office in accordance with the Act [§ 1125(8)].
4. **Distributions Not to Exceed Amount in Fund.** If the Commission determines that the revenues in the Fund are insufficient to meet distributions under this chapter, the Commission will permit certified candidates to accept and spend contributions in accordance with the Act [§ 1125(13)]. The Commission will notify participating and certified candidates in writing of any projected shortfall in the Fund and will specify timelines and procedures for compliance with this chapter in the event of any such shortfall.

SECTION 6. DISTRIBUTION OF FUNDS TO CERTIFIED CANDIDATES

- 1 **Fund Distribution.**
 - A. **Establishment of Account.** Upon the certification of a participating candidate, the Commission will establish an account with the Bureau of Accounts and Control, or such other State agency as appropriate, for that certified candidate. The account will contain sufficient information to enable the distribution of revenues from the Fund to certified candidates by the most expeditious means practicable that ensures accountability and safeguards the integrity of the Fund.
 - B. **Manner of Distribution of Fund.** The Commission will authorize distribution of revenues from the Fund to certified candidates by the most expeditious means practicable that ensures accountability and safeguards the integrity of the Fund. Such means may include, but are not limited to:
 - (1) checks payable to the certified candidate or the certified candidate's political committee; or

electronic fund transfers to the certified candidate's or the certified candidate's political committee's campaign finance account.

2. Timing of Fund Distributions.

- A. Distribution of Applicable Amounts. The Commission will authorize the initial distribution of applicable amounts from the Fund to certified candidates in accordance with the time schedule specified in the Act [§ 1125(7)] and this Chapter [sec. 3.4].

INFORMATIONAL NOTE: An initial distribution from the Fund will not be made to a candidate until the Commission has certified that candidate in accordance with the provisions of the Act and this chapter. The initial distribution may be delayed if a candidate submits a list of qualifying contributors to the Registrar for verification during the last 10 business days of the qualifying period.

- B. Matching Fund Allocations. At any time after certification, revenues from the Fund may be distributed to certified candidates in accordance with subsection 3, below.

- C. Advances.

To facilitate administration of the Matching Fund Provision of this chapter, and to encourage participation in the Act, the Commission may authorize the advance distribution of revenues from the Fund to certified candidates. In determining whether to authorize such advances and the amounts of any such advances, the Commission will consider the amount of revenue in the Fund, the number of certified candidates, the number of nonparticipating candidates, and information contained in campaign finance and independent expenditure reports.

A certified candidate may only draw upon, spend or otherwise use, such advance Fund distributions after receiving written notification from the Commission authorizing a Matching Fund allocation in a specified amount. Written notification by the Commission may be by letter, facsimile or electronic means.

3. Matching Fund Provision.

- A. General. The Commission will authorize immediately an allocation of matching funds to certified candidates in accordance with the Act when the Commission determines that the eligibility for receipt of matching funds has been triggered [§ 1125(9)].
- B. Computation and Distribution. The Commission will determine a certified candidate's allocation of matching funds, if any, in the following manner:

The Commission first will add --

- (a) the sum of an opposing candidate's expenditures and obligations, or funds raised and borrowed, whichever is greater, including surplus or unspent funds carried forward from a previous primary, general, or special election to the current election; and
- (b) the sum of the independent expenditures made expressly advocating the defeat of the certified candidate or the election of the same opposing candidate.

The Commission then will subtract --

- (a) the sum of the independent expenditures made expressly advocating the defeat of the same opposing candidate; and
- (b) the sum of the independent expenditures made expressly advocating the election of the certified candidate; and
- (c) the sum of any matching funds already provided to the certified candidate; and
- (d) the sum of any seed money raised in computing matching fund eligibility for a primary, general, or special election, as applicable; or any surplus or unspent funds carried forward from a previous primary election to the subsequent general election in computing matching fund eligibility for a general election.

If the final computed amount is greater than the applicable distribution amount for the certified candidate, then the Commission will immediately authorize the distribution of a Matching Fund allocation to the certified candidate equal to that excess.

The Commission will make computations promptly upon the filing of campaign finance reports and independent expenditure reports.

To prevent the abuse of the Matching Fund Provision, the Commission will not base any calculation on independent expenditures that, although containing words of express advocacy, also contain other words or phrases that have no other reasonable meaning than to contradict the express advocacy. For example, expenses related to a communication saying, "Vote for John Doe -- he's incompetent and inexperienced," will not be considered in the calculation of matching funds.

- C. Matching Fund Cap. Matching funds are limited to 2 times the amount originally distributed to a certified candidate from the Fund for that election. Certified candidates are not entitled to cumulative matching funds for multiple opponents.
- D. Other. Any distribution based on reports and accurate calculations at the time of distribution is final, notwithstanding information contained in subsequent reports.
- E. Coordination with Other State Agencies. The Commission will coordinate with the Bureau of Accounts and Control and other relevant State agencies to implement a mechanism for the distribution of Fund revenues to certified candidates that is expeditious, ensures public accountability, and safeguards the integrity of the Fund.

SECTION 7. RECORD KEEPING AND REPORTING

- 1 Record Keeping by Participating and Certified Candidates. Participating and certified candidates must comply with applicable record keeping requirements set forth in Title 21-A, chapter 13, subchapter II [§1016].
 - A. Fiduciary Responsibility for Funds. All funds provided to a certified candidate or to a candidate's authorized political committee must

be segregated from, and may not be commingled with, any other funds. Matching fund advance revenues for which no spending authorization has been issued must be deposited in a federally insured financial institution until the candidate receives authorization to spend those funds.

- B. **Meal Expenses.** A candidate or treasurer must obtain and keep a record for each meal expenditure of more than \$50. The record must include itemized bills for the meals, the names of all participants in the meals, the relationship of each participant to the campaign, and the specific, campaign-related purpose of each meal.
- C. **Vehicle Travel Expenses.** A candidate or treasurer must obtain and keep a record of vehicle travel expenses for which reimbursements are made from campaign funds. Reimbursement may be based using either the standard mileage rate or actual expenses. The candidate must use one method exclusively during an election campaign.

Standard Mileage Rate. The standard mileage rate is a set rate per mile that a candidate may use to compute reimbursable vehicle travel expenses. Reimbursement should be calculated using the standard mileage rate currently prescribed for employees of the State of Maine. For each trip for which reimbursement is made, a record should be maintained showing the dates of travel, the number of miles traveled, the origination, destination and purpose of the travel, and the total amount claimed for reimbursement.

Actual Expenses. Actual expenses include the pro rata, campaign-related share of vehicle depreciation or lease payments, maintenance and repairs, gasoline (including gasoline taxes), oil, insurance, and vehicle registration fees, etc. For reimbursement using this method, the candidate must maintain detailed records reflecting use of the vehicle for campaign-related purposes. The records must include the dates the vehicle was used for campaign-related purposes, the total mileage the vehicle was used for campaign-related purposes, the total mileage the vehicle was used for all purposes during the period for which reimbursement is made, and the percentage of total vehicle

usage that the vehicle was used for campaign-related purposes.

2. Reporting by Participating and Certified Candidates.

- A. General. Participating and certified candidates must comply with applicable reporting requirements set forth in Title 21-A, chapter 13, subchapter II [§ 1017].
- B. Return of Matching Fund Advances and Unspent Fund Revenues. Matching Fund advance revenues that have not been authorized for spending and unspent Fund revenues shall be returned to the Fund as follows:

Unauthorized Matching Funds. Candidates must return all Matching Fund advance revenues for which no spending authorization was issued prior to an election to the Commission by check or money order payable to the Fund within 2 weeks following the date of the election.

Unspent Fund Revenues for Unsuccessful Primary Election Candidates. Upon the filing of the 42-day post-primary election report for a primary election in which a certified candidate was defeated, that candidate must return all unspent Fund revenues to the Commission by check or money order payable to the Fund.

Unspent Fund Revenues for All General and Special Election Candidates. Upon the filing of the 42-day post-election report for a general or special election, all candidates must return all unspent Fund revenues to the Commission by check or money order payable to the Fund.

- C. Liquidation of Property and Equipment. Property and equipment that is not exclusive to use in a campaign (e.g., computers and associated equipment, etc.) that has been purchased with Maine Clean Election Act funds loses its campaign-related purpose following the election. Such property and equipment must be liquidated at its fair market value and the proceeds thereof reimbursed to the Maine Clean Election Fund as unspent fund revenues in accordance with the schedule in paragraph B above.

The liquidation of campaign property and equipment may be done by sale to another person or purchase by the candidate.

- (2) Liquidation must be at the fair market value of the property or equipment at the time of disposition. Fair market value is determined by what is fair, economic, just, equitable, and reasonable under normal market conditions based upon the value of items of similar description, age, and condition as determined by acceptable evidence of value.

SECTION 8. RECOUNTS, VACANCIES, SPECIAL ELECTIONS

- 1 Recounts. After a primary election, if there is a recount governed by Title 21- A, chapter 9, subchapter III, article III [§ 737-A], and either the leading candidate or the 2nd-place candidate is a certified candidate, the following provisions will apply:
 - A. If the margin between the leading candidate and the 2nd-place candidate is less than 1% of the total number of votes cast in that race and a recount is presumed necessary, the certified candidate immediately must halt the expenditure of revenues disbursed to the candidate from the Fund upon receiving notice of the recount until the recount is complete.
 - B. If the recount results in a changed winner, the certified candidate who originally received the disbursement must return any unspent distributions from the Fund to the Commission, payable to the Fund. If the new winner is a certified candidate, the Commission will distribute the applicable disbursement amount to the candidate.
 - C. If the margin between the leading candidate and 2nd-place candidate is 1% or greater of the total number of votes cast in that race and the 2nd-place candidate requests a recount, the leading candidate, if a certified candidate, is not required to freeze expenditures of the disbursement.
 - D. If the recount results in a changed winner, the certified candidate must return any unspent distributions from the Fund to the Commission, payable to the Fund. If the new winner is a certified candidate, the Commission will distribute the applicable disbursement amount to the candidate.
2. Death, Withdrawal, or Disqualification of a Candidate During Campaign.
 - A. Death, Withdrawal, or Disqualification Before Primary Election. If a candidate dies, withdraws, or is disqualified before the primary

election, the Commission will establish a qualifying period during which any replacement candidate may become a participating candidate, collect qualifying contributions, and apply to become a certified candidate.

- B. Death, Withdrawal, or Disqualification After the Primary Election and before 5:00 p.m. on the 2nd Monday in July Preceding the General Election. If a candidate dies, withdraws, or is disqualified before 5:00 p.m. on the 2nd Monday in July preceding the general election, any replacement candidate will have a qualifying period of 30 days from the 4th Monday in July as a participating candidate to collect qualifying contributions and request certification.
 - C. Death, Withdrawal, or Disqualification after 5:00 p.m. on the 2nd Monday in July Preceding the General Election. If a candidate dies, withdraws, or is disqualified after 5:00 p.m. on the 2nd Monday in July preceding the general election, the Commission will establish a qualifying period during which any replacement candidate may become a participating candidate, collect qualifying contributions, and apply to become a certified candidate.
 - D. Replacement Candidates Who Are Participating Candidates. Any replacement candidate choosing to become a participating candidate must otherwise comply with the requirements of this chapter and the Act including, but not limited to, seed money limits and qualifying contribution requirements. The Commission will notify any replacement candidates of the opportunity to participate in the Act and the procedures for compliance with this chapter during a special election.
3. Special Election When One or More Candidates Desire to Become Certified Candidates. If a vacancy occurs in the office of Governor, Senator, or Representative because an incumbent dies, resigns, becomes disqualified, or changes residence to another electoral division, and a special election will be held to fill the vacant office, the following provisions apply:
- A. The Commission, in consultation with the Secretary of State, will establish a qualifying period during which any candidate in a special election may decide to become a participating candidate, collect qualifying contributions, and apply to become a certified candidate; and
 - B. Any candidate in a special election must otherwise comply with the requirements of this chapter and the Act including, but not limited

to, seed money limits and qualifying contribution requirements. The Commission will notify any candidates of the opportunity to participate in the Act and the procedures for compliance with this chapter during a special election.

4. Return of Unspent Fund Revenues. Any time a certified candidate withdraws, is disqualified, or dies before an election, the candidate or the candidate's agent must return to the Commission all unspent amounts distributed to the candidate by check or money order payable to the fund, within 2 weeks of the termination of the candidacy.
